BISHOP PINENEY PRESIDING-NUMEROUS ATTENDANCE - SKETCH OF BUSINESS PENDING - REPORTS OF THE BISHOPS-RITUALISTIC CIRCULAR - ANNOUNCE-MENT OF COMMITTEES-BEAPPOINTMENT OF THE ECCLESIASTICAL COURT.

The ninety-first annual convention of se of Maryland assembled vesterday more tug at St. John's church, corner of Sixteenth and H streets northwest, Rev. J. Vaughn Lewis, rector, and was largely attended. This is the arst instance in many years in which this bedy has assembled outside of Baltimore, the residence of the bishop.

The Diocese of Maryland now includes all the clergy who are rectors of assistant ministers of parishes or organizations, or who have charge of dission stations, or who may be in charge of church educational institutions within the limits of the counties comprising the Western shore of Maryland, the city of Ballimore and the District of Columbia, and by delegates for each parish, os Columbia, and lay delegates for each parish, congregation or chapel corresponding to the num-ber of clergy ministering in the same.

As the General or Triennial Council of the Episcopal Church will assemble next October, the sheeting of delegates to reconstruction

the election of delegates to represent the church-men of Maryland in that body will come before the present discesson convention. This fact, in view of the unusual interest which is expected to attach to the deliberations of the general convention of the Church at its coming session, caused very full attendance of the delegates ontitled to seats in the diocesan convention yesterday. There are indications that there will be an earnest struggle between those representing the various schools of thought in the Episconal Church to secure the election of such delegates to the general convention as will best represent their views on the all-absorbing subject of "Ritmal conformity," which for some years past has been deeply agitating the Episcopal Church in this country, as well as the English Church. Some are very carneally and persistently demanding legislation in the direction of having the law of Ritmal defined so as to restrain certain modes of celebrating the services of the Church, popularly characterised as "ritualistic." Others, again, would like to see such leginiation by the of the unusual interest which is expected t modes of celebrating the services of the Church, popularly characterized as "ritualistic." Others, again, would like to see such legislation by the general convention as would open the door to a revision of the Litargy of the Church, with a view of expunging certain words and changing certain rubries that are objectionable to that school in the Church styling themselves "Evangelical." Others, again, whits admitting that there are practices which should be restrained, both as regards the extreme Ritualists and the extreme Lyangelicals, yet strongly deprecate any action at this juncture, maintaining that it is no time to legislate on such a subject in the midst of excitement. As above intimated, the question of the election of delegales to the general convention will probably occasion something of a struggle in the convention. A circular has been sent to every elegyman and lay delegate to the convention during the past week, signed by the Rev. A. P. Stryker, of St. Barnabas' church, and the Rev. T. U. Budley, of Christ church, Baltimore, and by other prominent clergymen and laymen, inviting the circula and lay delegates to hold a conference in this city last might for the purpose of taking such action as will secure the election magnitude" (meaning the ritualistic question) "settled apon conservative Church principles."

This circular, the purport of which is given above, secus to have excited considerable opposition, and has called forth the following reply: "The undersigned, chergymen and lay delegates to the approaching Diocesan convention, having he approaching Diocesan convention, having eived a circular purporting to represent the servatism of the Diocese of Maryland, and yet posing such action as will introduce important ages in the existing laws of the Church, de-to express our disapproval of any such means the unique beforehand the mind of the conventiencing beforehand the mind of the convented of the convented conventive churchmen of the cree deprecate committing themselves or those thom they may entrust the interests of the laboration of the convented them they may entrust the interests of the laboration of the convented them.

THE RACES YESTERDAY. FOURTH DAY OF THE WASHINGTON

DRIVING ASSOCIATION.

TWO GOOD BACES-KITTY FISK WINNER OF THE 2:6 TROTTING PURSE AND HAPPY SAM OF THE RUNNING RACE—A DECISION AGAINST SILVER MAID AND MATE-ENTRIES FOR NEXT WEDNISDAY, Dame Nature and "old probabilities" united yesterday in vosehasfing to the gentiemen of the Washington Driving Association and their friends as fine a day as could be wished for racing purposes, and all interested in such sport took advantage of the opportunity given, and by their presence at Brightwood proved that they appreciated the dispensation. Between 2 and 3 o'clock clated the dispensation. Between 2 and 3 o'cloc both the Seventh and Founteenth street road were lined with vehicles, whose objective point was the park, and the good-satured way in which they took and gave dust proved conclusively that the occupants were intens upon fun, and fun only.

THE DUST

the occupants were intend upon fun, and fun only. THE DUST

was, however, but a miner consideration, to r the ground had hardly been reached belove dry throats had been cleared with cool lager, and parabed tongues were ready to talk horse in all manner of style. Twe races had been fixed for the occasion, the first a trot for all horses which had never besten has and the second for running horses. For the first a trot for all horses which had never besten has and the second for running horses. For the first the following were entered: Br. m. Daylight, by J. E. Tally; b. m. Kitty Fisk, by A. T. Britton; br. m. Belle of Gettysburg, by J. T. Price; b. m. Pasrl, by A. Allen Dorsey; and g. m. Silver Maid, by T. C. Johnson. The race was mile heats, three in five, for a purse of \$800, \$350 to first, \$100 to second, \$400 to third. Before the race was begun it was annuenced that Silver Maid had been ruled out and that Pearl would not start. This reduced the excitement in a measure, as the contest appeared to the knowing ones to be between Fisk and the Maid. There was but little interest in the pool selling, Fisk being the favorite two to one against the field, and the friends of the other two march preferring to bet on their favorites without the interventian of the auctioneer.

In order to settle the matter in regard to the protest against the double team of \$1r\$. Foot in the last race, which had been referred to Wilker' Spirit of the Times, the following telegram was read: NEW YORK, May 21, 1874.

A. T. Britton, Esq.:
The protested entry was disqualified for not be
ing specific and relusal to make the required ath
davit, and other reasons which will appear in the
Spirit of May 30. Give decision from the judges SPIRIT OF THE TIMES.

In accordance with this decision, the purse was awarded to Mr. Whiting's team, Charley Hayes and Eliza Jane, and all bets declared off. Pools will be repaid at the National hotel to-day.

The judges were Hon. Morgan L. Smith. Dr. Gregory and Mr. McIntire, with Mr. C. W. Hayes as time keeper,
Four heats were trotted in good style, amid the applause of the spectators, Fisk winning three and Daylight one—the second. Time, 245%, 245%, and 258.

The following is the summary:
Kitty Fisk. 1 2 1 1
Daylight 2 1 3 2
Belle of Gettysburg 3 3 2 3

THE BUNNING BACE THE RUNNING BACE
was a half mile dash and repeat for a purse of \$150; \$100 to the first and \$50 to the second; three to enter, two to start, with the following entries: G. H. Thompson enters Wallace; Alien Dorsey, Happy Sam, and Burgdorf Bros., Washington Boy. Neither of the horses appeared to be known on the track, and what low bots were made were wild and unsatisfactory.

The race was really between Happy Sam and Washington Boy, and was won in two straight heats by the former amid the applicate of all present. Time, \$754, 57. THE NEXT RACE

is for all horses who have never beaten 2:40 for a purse of \$500, for which the following have been entered: John E. Talty enters Daylight; T.C. Johnson, Sliver Maid; A. T. Whiting, Charley Hayes: John T. Price, Belle of Gettysburg; B. R. Perry, Washington; A. T. Britton, Kity Fisk. This will certainly be a close and excling contest, and all lovers of sport should be present.

To ALL, particularly invalids, spring is a trying season. Indications of sickness should at once be attended to. Fatal diseases may be caused by allowing the bowels to become constipated, and the system to remain in a disordered condition, until the disorder has time to develop itself. An ounce of prevention is worth a pound of care, is an old and trathul saying. Therefore, we advise all who are troubled with the complaints now very prevalent—headache, indigestion, disordered liver, want of appetite, nauses, or leverish skin, to take, without delay, Schenck's Mandrake Pills. We know of no remedy so harmiess and decisive in its action. It at once strikes at the poot of the disease and produces a healthy tone to the system. Poople fibred heed suffer from any disease arising from a disordered condition of the liver if they would take this excellent medicine when they feel the first indications of the malady. Families leaving for the summer months should take three or four boxes of these pills with them. They have an almost instantaneous effect. They will relieve the patient of headache in one or two hours, and will rapidly cleanse the liver of surrounding bile, and will effectually prevent a billous attack. They are sold by all druggists.

Whire, clean, sound teeth, all may have by

The Great English Remedy for Gout and Rheumatism. All sufferers from the above complaints, either of recent or long standing, are advised to use Blair's Gout and Rheumatis Pilis. They can be relied upon as the most safe and effectual remedy ever offered to the public, and have been universally used in Europe for many years with the greatest success. Prepared by Proout All Assant, 220 Strand London North and Process of the safe and effectual remedy ever offered to the public, and
